TO OUR PATRONS:—

The past season has been the best ever with us, both in amount of stock sold and satisfaction given our customers, and we have received many nice letters from them about our stock, and we thank you for them. We have also received a few kicks and we thank you for them also. We all like bouquets, but we profit and gain knowledge by brickbats. Tell us about it if you find anything not up to the scratch. Call us down if you think us too highbrow. Lamblast us if by any chance your order is filled inaccurately—and may be Compliment us when we do an especially good job for you.

The foolish man takes all you've got (if he can). The wise man helps you to make more, so that you may have more to spend with him. This is what we are trying to do—grow stock that you can plant with entire satisfaction and sell to your people at a good profit.—Whether we approve or not we are living in a co-operative age where we prosper most by helping most. We shall bend every effort and do our darndest best to merit your continued co-operation and support.

Yours very truly,

D. W. BABCOCK,

Manager.

Your special attention is called to the fact that we are strictly wholesale growers and make a specialty of lining out stock for Nurserymen and Florists. When you buy of us you get the best. We started to grow this kind of stock years ago; and have increased our plantings every year and we have no surplus at the end of the season.

Stock of most all kinds is scarce this season and we have already sold out on a good many items and sizes. Prices in this list are subject to stock being unsold when order is received.

HARDY PERENNIALS.

As we have sold close on all varieties of perennials and herbaceous plants, prices and varieties are subject to correspondence. Send your want lists.

HARDWOOD CUTTINGS. Hand Made. No. 1 vigorous stock. We will have a surplus of Deutzia Cornus, Populus, Salix and some other sorts. If interested, get our prices.

DAHLIAS AND GLADOLIA. While we have our usual assortment of choice varieties and are trying hard to keep up with the procession. We have no large surplus of any kind. If you are in need of good stock, true to name, would be pleased to have your lists and will gladly price same if we have the sorts you want. If we have not will promptly tell you so. Dahlia and Gladolia list will be issued about January 1st.

NARCISSI. We are still in the game and it is a going proposition with us, as we find our climate and soil is very suitable for the production of good hard bulbs.

NOTICE. We are in the market for hardwood cuttings of trees and shrubs and tree seeds of all kinds.

Besides the stock mentioned in this list, we have a good many items in small quantities not mentioned in our list. Prices subject to correspondence.
